PCO SPOTLIGHT:

This past month PCO was informed of a positive interaction with a Wareham Outreach Officer and a local family. For the first time, this family felt supported in accessing resources and treatment options for their loved one with the help of a recovery coach. The family went out of their way to stop by the police department to thank them for their dedication to the community. Thank you to all of our PCO team members for helping to make a difference everyday.
